FIRST
INFORMATIONAL STATEMENT

PUBLIC COMMENT
SOUTHERN NEVADA WATER AUTHORITY WATER RIGHT
APPLICATIONS HEARING ON REMAND

In the Matter of Protested Applications 53987, 53988 (Cave Valley - Basin 180), 53989, 53990 (Dry Lake Valley - Basin 181), 53991, 53992 (Delamar Valley - Basin 182), and 54003 through 54021 (Spring Valley - Basin 184)

Purpose of this Statement. The purpose of this statement is to provide the public with information on the submission of public comment regarding the remand to the State Engineer of Southern Nevada Water Authority (SNWA) water right applications in Spring, Cave, Dry Lake and Delamar valleys.

Background. By decision dated December 10, 2013, filed December 13, 2013, Judge Robert Estes, sitting for the Seventh Judicial District Court of the State of Nevada in and for the County of White Pine, remanded the matter of Applications 53987 through 53992, inclusive, and Applications 54003 through 54021, inclusive, held in the name of the SNWA, to the State Engineer for further consideration.

The decision by Judge Estes remanded State Engineer's Ruling Nos. 6164, 6165, 6166 and 6167 concerning the granting of water rights to the SNWA in Spring, Cave, Dry Lake and Delamar valleys to the State Engineer for:

1. The addition of Millard and Juab counties, Utah in the mitigation plan so far as water basins in Utah are affected by pumping of water from Spring Valley Basin, Nevada.
2. A recalculation of water available from Spring Valley assuring that the basin will reach equilibrium between discharge and recharge in a reasonable time.
3. Defining standards, threshold or triggers so that mitigation of unreasonable effects from pumping of water are neither arbitrary nor capricious in Spring Valley, Cave Valley, Dry Lake Valley and Delamar Valley.
4. Recalculation of the appropriations from Cave Valley, Dry Lake Valley and Delamar Valley to avoid over appropriation or conflicts with down-gradient, existing water rights.

Please be informed. A time for oral public comment will be provided for on Friday, September 29, 2017, beginning at 1:00 p.m. and will be limited to three (3) minutes per person. Written public comment will be accepted in the Office of the State Engineer, 901 S. Stewart Street, Suite 2002, Carson City, Nevada, 89701 until 5:00 p.m., Friday, October 20, 2017, and must be limited to five (5) pages. Any written public comment should be directed to the attention of Susan Joseph-Taylor, Deputy Administrator. E-mails will not be accepted as written public comment. Anyone providing public comment is encouraged to limit their comments to the subjects on remand.

The hearing can be viewed over the internet at <http://www.leg.state.nv.us> under Live Meetings.

News media. Please contact JoAnn Kittrell, Department of Conservation and Natural Resources Communications Officer, (775) 684-2712 or jkittrell@dcnr.nv.gov for information.
